Profile

Undergraduate physics student at IISc with research experience in simulations and synthesis, with a strong interest in experimental physics, scientific instrumentation, and high-precision measurements.

Work Experience

OUSUMS Lab

May 2025 – Jul. 2025

Undergraduate Research Intern, IISc Bengaluru

- Worked on COMSOL Multiphysics simulations related to Physical Vapor Deposition of CrCl_3 .
- Assisted and contributed to synthesis and characterization CrCl_3 .
- Gained experience with lab instrumentation and data analysis relevant to 2D material systems.

Education

Indian Institute of Science, Bengaluru

Expected 2027

Bachelor of Science (Research) with a Major in Physics and a Minor in Quantum Technology

- **Current GPA:** 7.9/10.0

Kendriya Vidyalaya ONGC Agartala

2011 – 2023

Class 10 and 12

- **AISSE (Class 12):** 95%
- **AISSE (Class 10):** 95.2%

Achievements

- All India Rank 341 in IAT 2023 (IISER Aptitude Test)
- Qualified multiple national-level competitive examinations including JEE(M), JEE(A), NEET, CUET, and NDA
- Recipient of monthly UG Institute Scholarship from IISC

Volunteer Experience

IISc Notebook Drive

- Participated in educational outreach and support for underprivileged students in government schools.
- Conducted surveys to identify and shortlist students from disadvantaged backgrounds for equitable scholarship distribution.

Technical Tools & Programming

- COMSOL Multiphysics, Python, NumPy, Matplotlib, PyTorch, SciPy, C

Skills

- Mathematical Modeling, Computational Physics, Quantum Mechanics, Machine Learning

Relevant Courses

- Quantum Measurement and Control
- Quantum Mechanics I

- **Classical Mechanics**
- **Mathematical Methods of Physics**
- **Solid State Physics**
- **Machine Learning**
- **Basic Electronics and Electrical Engineering**
- **Algorithms and Programming**
- **Probability and Statistics**

Languages

- Hindi, English, Bengali

Interests

- Chess, Music, Video games, Weightlifting
